

UNIVERSITIES + AMA:

A STRONGER FUTURE FOR UAS AVIATION

How AMA Members Can Lead the Way:

AMA Members: Join AMA President Greg Stone for a 30-minute briefing on how our leadership network can support colleges and universities. We're bridging the gap between student innovation and the "stick-and-rudder" fundamentals that only experienced AMA members can provide!

Why Join the Conversation?

Share Your Expertise:

Learn how your club can serve as a local resource for collegiate drone programs.

Grow the Hobby:

Discover how the University Model Aviation Student Club (UMASC) program creates a pipeline for new, lifelong members.

Impact Competition:

Hear how AMA mentorship directly correlates to higher success rates in collegiate aviation challenges.

Strengthen Community:

Position your club as a pillar of FAA-recognized safety and mentorship.

WHEN: March 18, 2026, at 3 PM EST | **WHERE:** Streaming Live via YouTube
